WE ARE TROJAN BOXING

From our beginnings in 2010, our club has maintained the goal of creating a community of new and experienced USC boxers. Students, faculty, and alumni from all backgrounds are united here for one reason: their love of boxing. Here at Trojan Boxing, we strive to create an environment where people can learn and hone their skills as boxers, no matter what experience level. Whether you are a complete beginner just looking for a new outlet or a seasoned fighter wanting to represent our school at intercollegiate events, we welcome you with open arms.
